CSSI technologies

WHERE IS YOUR TECHNOLOGY?

The data that drives your success relies on technology. Are you keeping up with advances? If you're relying on legacy devices, you're either standing still or falling behind.

The Great OS Migration

Microsoft is pulling the plug on Windows CE/Mobile. Where does that leave you?

- Critical apps that run on Windows and
- No security updates

CSSI has spent decades working with manufacturing, warehouse, and distribution enterprises. Let us be your technology guide and navigate you to the best solution by...

- Rewriting your apps for a future-proof operating system.
- Deploying more advanced Zebra rugged mobile devices to deliver more functionality, reliability, and efficiency.
- Delivering insight based on deep experience in your industry.
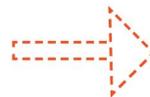

Beauty, Brains & Brawn

CSSI will help you maximize the investment in your technology, extending the life of legacy devices that step up to the task. And moving up to true productivity solutions when it makes sense.

- Longer lasting rugged mobile computers, scanners, printers, and the batteries that power them up
- Functions that are tailored to the tasks of today and tomorrow—

Faster processing and performance	Tighter security	More reliable connections	Better accuracy and precision	More intuitive	More versatile	Improved ergonomics
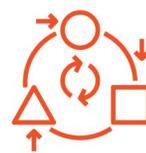

- Sleek styling that's easy to use

A CASH REWARD.

Trade in your legacy devices to CSSI toward a new Zebra model and get cash back—up to $600 per qualifying purchase. Give us your Zebra or non-Zebra hardware and move up to the next generation of business intelligence.

Warehouse Management Software For Real-Time Visibility.

Track your inventory throughout its lifecycle in your facility. With CSSI's WMS, Zebra's computing tools, and our knowledgeable support, you can see every detail in real-time. Don't wait for manual data entry, slow-moving counts, and yesterday's number. See your business from our perspective.

- Customizable to suit your workflows
- Ready for Android mobile devices
- Rich WMS functionality
- RFID-capable
- Enables real-time inventory visibility

Let CSSI take your technology where you need to go. Start here, with a _free assessment_ to locate the opportunities for growth.
